

GET THE M-3 EDGE

Performance Proven Products for
the progressive Trailer Manufacturer.

Figure 1

Figure 2

Figure 3

Climbing into your bunk has never been easier with M-3's new bunk ladder! Made with light gauge steel this ladder offers strength and durability for the long haul. With rectangle steps instead of the conventional round tube, this ladder is definitely easier on your feet. Figure 1 shows the step with factory installed endcaps. In Figure 2 the hook is rounded so it will be less likely to scratch. Velcro is installed where the hook attaches to the bunk for additional padding. All ladders come with anti-slip tips as shown in figure 3.

Custom sizes available. Call
